a comprehensive guide to china s public private and internal audit system study on the auditing theory of socialism with chinese characteristics provides a

comprehensive overview of china's auditing practices recent years have seen the national audit office of china cnao making remarkable headway not only in china by guaranteeing the healthy operation of the economy and society and improving national governance through government auditing but also in the international arena by carrying out audits with the united nations with constant development in the practice an audit theory with socialist chinese characteristics has taken shape centering on the premise that government auditing serves as the cornerstone and safeguard of national governance at the xxi incosai held in 2013 in beijing the theme of national audit and national governance proposed and chaired by cnao was met with widespread approval by participants from over 160 countries and led to the endorsement of the beijing declaration which makes it a priority and target for audit institutions to promote good national governance to explore the nature and development of government auditing this book probes into the history and reality and theories and practices of auditing in various countries and puts forward the assertion that as a cornerstone and important safeguard for national governance government auditing is an immune system endogenous within the synthetical system of national governance with functions of precaution revelation and defense furthermore china's socialist auditing theory has been elaborated in nine aspects nature functions goals features methods management framework of regulations and standards its application and culture covering the new concepts methodologies techniques and achievements of china's government auditing this book is highly relevant practical and readable jiayi liu the chief author is the auditor general of china and the current chairman of intosai governing board in 2013 he won the united nations peace prize in recognition of his auditing work for un peacekeeping operations

the auditing environment continues to change in dramatic ways and graduates entering the profession must be prepared for a high standard of responsibility you can prepare for these changes by using johnstone gramling rittenberg's a risk based approach to conducting quality audits 9th edition auditing 9e reflects the clarified auditing standards and the newest pcaob standards discusses coso's updated internal control integrated framework integrates discussion of fraud risk throughout the text and features end of chapter problems that will help you prepare for exams and understand real life auditing scenarios auditing 9e will help you understand the full range of auditing issues in the evolving global environment important notice media content referenced within the product description or the product text may not be available in the ebook version

a clear accessible guide to the roles and responsibilities of today's internal auditor at a time when companies are seeking to reevaluate their practices and add value to their audit processes the internal auditor at work represents an invaluable user friendly and up to date guidebook for the internal auditing professional to refine and rethink both day to day methods and the underlying significance of the job each chapter of this in depth functional analysis contains numerous resources to guide the reader toward greater understanding and performance discussion questions promote dialogue among auditing professionals on the various topics covered top ten

considerations lists recap the important points of each chapter and end of chapter exercises are especially valuable to new internal auditors in that they facilitate self development and application of principles covered written in partnership with the institute of internal auditors with special attention to its revised standards and guidelines the internal auditor at work includes chapters on the audit context the strategic dimension quality and audit competence the audit process the audit proposition and more in a business environment currently undergoing major reevaluation the internal auditor at work provides an invaluable tool for internal auditing professionals and all others with an interest in adding value to their organizational processes

in the closing of the auditor s mind author david j o regan describes internal auditing as an important binding agent of social cohesion for the accountability of individuals and organizations and also at aggregated levels of social trust however o regan also reveals that internal auditing faces two severe challenges an external challenge of adaptation and an internal challenge of fundamental reform the adaptation challenge arises from ongoing paradigmatic shifts in accountability and social trust the command and control vertical hierarchies of traditional bureaucracies are being replaced in importance by networked flattened patterns of accountability the most challenging assurance demands of the modern era are increasingly located in three institutional domains in the inner workings of organizations in intermediary spaces at organizational boundaries and in extra mural locations internal auditing continues to cling barnacle like to the inner workings of traditional bureaucratic structures and it has little to offer the emerging assurance demands on or beyond institutional boundaries the reform challenge arises from internal auditing s prevailing tendency toward a rigid algorithmic checklist mindset that suppresses practitioners creativity and critical thinking this trend is increasingly narrowing internal auditing s intellectual and moral horizons under the pressures of these challenges internal auditing is struggling to fulfil its primary purpose of serving the public interest o regan s powerful book focuses on the redistribution of social trust from traditional hierarchical institutions to diffuse horizontally distributed networks the perennial validity of the classical virtues as the humane foundation of professional activity the role of creative expertise in promoting professional wisdom the closing of the auditor s mind is a philosophical audit of a profession on the threshold of crisis the book presupposes no prior knowledge of philosophy nor indeed of auditing philosophical technicalities are contained in an appendix leaving the main text jargon free o regan provides original and striking perspectives on the malaise of modern internal auditing and he proposes radical remedies this captivating and well informed book is a must read for all who are concerned with our collective socio economic and political well being

ensure your organization s audit program results in improved performance with this new edition written for those who are charged with fixing what the auditor finds wrong in an organization this second edition goes beyond the quality audit process to thoroughly examine how to initiate appropriate corrective or preventive actions
